[Oil and Gas Transition Pager OAR Final 10-3-16.docx](#)

Paula,

Attached is the revised summary for Oil and Gas, incorporating edits from OAP and OAQPS. Please let me know if you need further info or have questions.

Also, although you mentioned that the HF summary has no air components, I would be interested in seeing it. Thanks in advance.

Thanks for working with us,

Bruce

Subject: Draft Oil and Gas Summary for transition

Hi, all:

Thanks to those of you who have helped with this so far. While this draft still has a few rough spots, I know folks are anxious to get a look at it so I thought I would send it now.

I have a few placeholders: I can look up our emergency authorities myself (although I would also welcome help!) but I definitely need help with the expected date for the ICR and the current legal brouhahas.

As you know, this has a maximum of 2 pages and a deadline of Tuesday.

Thanks again for all your help!

Paula Van Lare
